SCCD 31728 Sketches of India / Pierre Dørge & New Jungle Orchestra

India and Indian music have intrigued Pierre Dørge ever since his teenage. Here on his latest album Dørge compiles his impressions of several trips there and the result of his recent field studies.

Donald Elfman of AAJ once remarked, "*Pierre Dørge has what seems like a magical ability - he can re-imagine and re-think the way that music is voiced thus creating entire new worlds out of worlds we think we know*"

His magical ability is at full throttle here on this extraordinary musical depiction of a fascinating country.
